

# BIOENERGY INTERNATIONAL

2001-2023

A subscription-based English language bioenergy trade  
publication & media platform  
focused on biomass-to-energy “value systems”

- Founded in 2001, we (BioTrio - Jeanette, Dorota & Alan) operate as an independent entity within the Swedish Bioenergy Association (Svebio) since 2011
- Using the power of example, our brief is to advocate & promote the climatic, economic, environmental & societal benefits of “bioenergy done right”, highlighting its role as an integral part of the circular “glocal” bioeconomy
