

JOIN THE LEADING BIOENERGY COMMUNITY:

About Us:

The **World Bioenergy Association** (WBA) is the global organization dedicated to supporting the wide range of actors in the **bioenergy** sector. Our mission is the **sustainable** development of bioenergy globally.

Fields of Action:

At WBA, we're dedicated to advancing bioenergy by fostering knowledge exchange and offering a platform for stakeholders to highlight their offerings. Through reports, events, and partnerships with global organizations, we **drive innovation** and **collaboration** in the bioenergy sector.

Our members include national and regional associations as well as companies in the entire biomass to energy value chain from **more than 40 countries**.

Membership benefits:

- Access to member exclusive content, including **market reports**
- **Speaking opportunities** at various WBA events
- **Promotion** of products and services through various communication channels
- Join as **official WBA delegate** to international energy and climate conferences
- Participation in **internal working groups**
